

GENERAL TIPS

1 Make sure you understand to what each measurement correspond

2 Window types

RECORD MEASUREMENTS (in mm) Record the measurements on the section corresponding to the mount that you choose

Inside Mount*

Window ID	Window Type	Window Opening			Glass			Height Above Glass	Offcenter Width <small>Only if Type B Window</small>	Quantity
		Top W.	Bottom W.	Middle H.	Top W.	Bottom W.	Middle H.			

*The blind is installed inside the window mullions. (Most common and recommended mount.)

Outside Mount*

Window ID	Window Type	Window Opening			Total Covering Width	Quantity
		Top W.	Bottom W.	Middle H.		

*The blind is installed outside the window mullions. (Less frequent mount.)
